Golf Course Turf Talk

The removal of trees and brush has been completed near #12 and #16 tee. This work has proved to be very beneficial. Not only has the health of the greens and tees in this area improved, the pace of play has picked up as well.. Final restoration will be completed this fall. The areas of rough surrounding #14 tee will also be restored to grass. Additional tree removal is underway. Poplar trees that are causing damage to the cart paths are being removed. The above-ground roots of these trees are very destructive. Other trees that hinder the greens, tees, and fairways will be removed this fall and winter. The greens are in excellent condition after the early September aeration. The golf course will be absolutely beautiful with all the leaves changing color, so make sure you schedule your fall round of golf while the trees are still in full color.

Golf Shop Fall Sale

As you know Members always receive at least a 20% discount on all golf shop merchandise. However with the fall sale currently taking place many items are **30% to 50% off**. It's a good time to start your Christmas shopping. Members that have won tournament credit are reminded to redeem it by December 1, 2006.

Congratulations Bob

Director of Golf, **Bob Collins** will be the recipient of the 2006 **PGA Presidents Plaque Award** for the Tri-State Section of the PGA. The President's Plaque is awarded to a PGA Member for his outstanding efforts in growing the game of golf. Bob was very successful in promoting the PGA "Play Golf America" Program to the area. Not only did he promote the program to the public he also influenced fellow PGA Professionals to register their facilities in the program. Bob will be recognized at the PGA Champions of Golf Dinner at Oakmont Country Club on October 12th.
